## WHY JOIN THE SANCTUARY OF MERCY

The Sanctuary is a living presence of Christ, a refuge, a school, a prevention center, and a hospital for missionaries, pilgrims, the afflicted, and the physically and spiritually ill. A place of intercession, formation, and spiritual strengthening for spiritual combat, for deep healing of body and soul: healing wounds, closing doors to the enemy, and overcoming recurrent venial sin, hidden sin, and mortal sin. A place to enter into intimacy and full union with Christ, to be continually guided in a life in the Spirit, to raise up powerful disciples, and to walk on water in the trials of these times of apostasy. It prepares the strong, drives away the enemy, and sustains the vulnerable; it converts hearts, so that we may be a light for many in the face of the darkness and immaturity of the masses! To go against the current, not to be a follower, but to chart the course, to be living Christs. The Sanctuary of Mercy is a fortified city, raising up an army to cast out demons, heal the sick, and bring the Kingdom to earth in these times.

### HOW TO JOIN US

Welcome into your home the pilgrim shrine of mercy, and receive the intercession of the project, and all the graces of healing and strengthening from the shrine.

“ Water flowed from under the threshold of the temple, toward the east. The water flowed down from under the right side of the temple. Wherever the stream flows, every living creature that moves in it will live. For wherever this water flows, it heals everything, and life flourishes in every place where the stream goes.” Ezekiel 47
